FIT-OUT DEPARTMENT**

THE VISIONARY BEHIND ALLIED

At ALLIED ENGINEERING EG, We see the interior fit-out process as an opportunity to transform spaces into exceptional experiences. Our vision is to blend luxury with precision, crafting environments where people can live, work, and thrive.

Through innovative design, premium finishes, and advanced technology, we deliver timeless projects tailored to each client. What sets us apart is the personal care we bring—transforming ideas into bespoke solutions with creativity and attention to detail.

FOUNDER AND CEO
Mohamed Abou ElFadi

PRODUCTS & SERVICES

At **ALLIED ENGINEERING EG**, we offer a comprehensive range of products and services tailored to meet the unique needs of our clients across various sectors:

- **Interior Design & Fit-Out:**

Complete interior solutions for residential, commercial, and retail spaces, combining functionality, aesthetics, and luxury.

- **Turnkey Projects:**

End-to-end project management from concept to completion, ensuring seamless execution and delivery.

- **Architectural Design:**

Expert architectural design services, creating innovative and sustainable structures that blend form and function.

- **Custom Furnishings & Finishes:**

Bespoke furniture, materials, and finishes that elevate the ambiance and functionality of each space.

- **Exterior Finishes & Façades:**

Modern, durable, and visually appealing exterior design solutions, enhancing the aesthetic of commercial and residential buildings.

- **Project Management:**

Professional management services to oversee timelines, budgets, and quality assurance, ensuring successful project completion.

- **Maintenance & Aftercare:**

Comprehensive maintenance services to ensure the longevity and upkeep of interior and exterior spaces post-project delivery.

CURRENT FLAGSHIP

projects

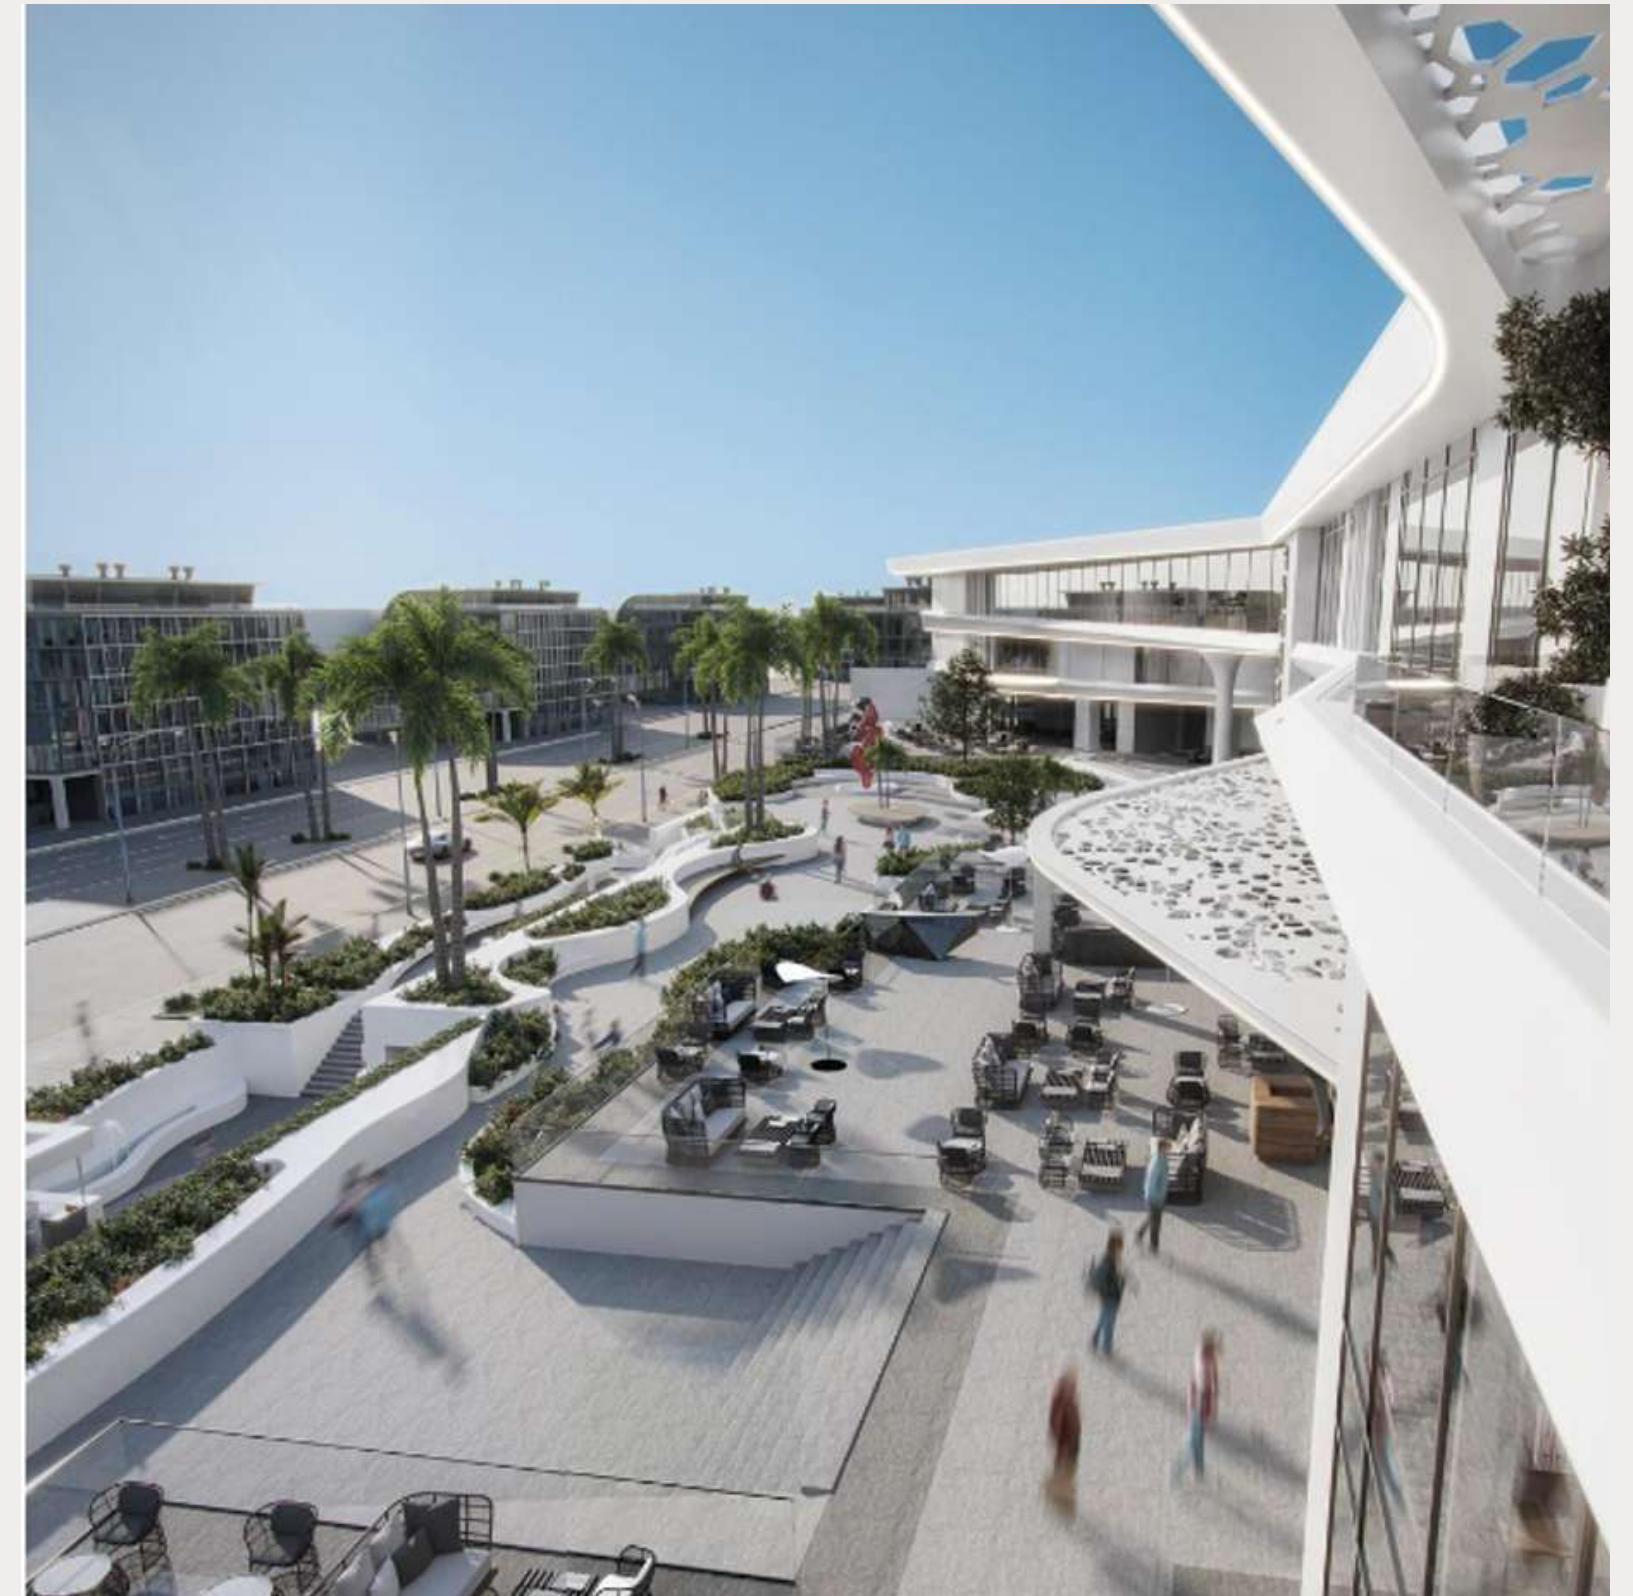

The [Shades New Cairo Mall](#) construction project will involve key components such as site preparation and demolition, structural repair and construction, high-quality interior and exterior finishes, parking and infrastructure improvements, and the development of landscaped outdoor spaces. Sustainability and advanced technology will be integrated for energy efficiency, along with the installation of modern MEP (Mechanical, Electrical, and Plumbing) systems to ensure optimal functionality and comfort throughout the mall.

The Shades New Cairo Mall
is a landmark development
that integrates world-class
construction, sustainable
design, and advanced MEP
systems combining structural excellence,
premium finishes, modern infrastructure
and landscaped outdoor spaces to
deliver a destination defined by
efficiency, functionality
and lasting comfort.

PARK MALL NYOUM

Park Mall project — delivering a complete renovation that enhances the building's modern identity and visual impact.

A 4,300 m² facility that includes a Club House, VIP Lounge, Italian and Traditional Restaurants, a swimming pool, Health Club, Gym, and landscaped surroundings.

Completed on schedule and within budget, the Tennis Club now operates to the highest standards of quality and safety, with the client commending Allied Engineering EG for professionalism and dedication

The project required close coordination with consultants and subcontractors under a tight timeline, while ensuring full compliance with zoning regulations
